

Aetna Avenue can help your customers find a plan that offers Value while on the road to better health

Introducing Aetna's Open Access[®] Managed Choice[®] Value Plans

What are Aetna's Open Access Managed Choice Value Plans?

Aetna Open Access Managed Choice (OAMC) Value Plans are:

- **Affordable** — Designed to offer a substantial cost savings.
- **Flexible** — No PCP or referrals required and complete freedom to choose one's provider of choice.
- **Focused on wellness** — Plans include preventive care for a \$0 copay in addition to all of the other great wellness and discount programs members have access to — just for being an Aetna member!

What plan enhancements are unique for the OAMC Value plans?

- **Preventive care:** Provided at no additional cost at a \$0 copay to the member, so your customers and their families can stay healthy and save money!
- **Routine care:** Office Visits to the doctor, specialists and Lab/X-rays are all covered for a set copay and no deductibles apply.

- **Pharmacy:** Rx copays are \$20/\$40/\$70 with a focus on the value of generic drugs. If a generic is available and the member chooses the brand drug, he or she pays the applicable copay plus the difference in drug cost. If no generic is available, the member just pays the brand or nonformulary copay.
- **Flexible/split/variable coinsurance:** Facility charges are paid at 50% while most other network expenses are paid at 80%. This more fairly distributes out-of-pocket expenses to members requiring a higher level of care, while providing a lower monthly premium for all.
- **Cost savings:** Due to the design of the plans, we are able to leverage the product's infrastructure and pass premium savings on to your customers.

Savings examples:

- OAMC 2500 Value Plan vs. OAMC 1500 80/60 plan (offers a 23% price savings on average)
- OAMC 5000 Value Plan vs. OAMC 5000 100% plan (offers a 20% price savings on average)

For more information contact your Account Executive, contracted General Agent, or Broker Services at **1-866-899-4379**, option 2, option 5.

What's the size of the OAMC Value Plans provider network?

The MC network has more than 35,000 physicians and over 520 hospitals in Texas alone. OAMC members also are free to access our national network of over 728,000 health care professionals, over 479,000 primary care doctors and specialists, and 4,366 hospitals.

AETNA AVE

Aetna Avenue[®] — Your Destination for Small Business SolutionsSM

Aetna is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies, which are not financially dependent upon each other's products. Health benefits and health insurance plans are offered, underwritten or administered by Aetna Health Inc., Aetna Health Insurance Company, Aetna Life Insurance Company and/or Aetna Dental Inc. (Aetna).

This insurance plan is not regulated by the state of Texas. This material is for information only and is not an offer or invitation to contract. An application must be completed to obtain coverage. Rates and benefits vary by location. Information is believed to be accurate as of the production date; however, it is subject to change.
